

Regulations – at a Glance: Research and Procurement

Standard	Proved in	How to obtain
DIN Standards	in full text in the database Nautos	<p>Via Nautos.</p> <p>Individual printed DIN standards are only available at ULB from before 1980 and <u>cannot</u> be ordered as an interlibrary loan.</p> <p>For DIN VDE standards, please see VDE regulations, DIN VDE.</p>
Draft DIN Standards	in full text in the database Nautos	<p>Via Nautos.</p> <p>However, there may be some delay in the publication of full texts, so part of the objection period may have already expired by the time the standard is available in Nautos. If not yet available via Nautos, some may be viewed free of charge via the Draft standards portal.</p>
Withdrawn DIN Standards	in full text in the database Nautos	Via Nautos .
DIN Paperbacks	Via TUfind .	<p>Via TUfind.</p> <p>If not available in ULB, may be ordered as an interlibrary loan.</p> <p>Standards on specific topics are printed in full text in DIN paperbacks.</p>
DVGW rules	The ULB has licensed the "Water" rules section (complete edition without DIN). DIN standards are contained in full text in the database Nautos database.	<p>DIN standards via Nautos.</p> <p>All other documents in the DVGW Rules and Regulations online via DBIS.</p>
DWA Instruction Sheets	The rules and regulations of the German Association for Water Management, Wastewater and Waste (Deutsche Vereinigung für Wasserwirtschaft, Abwasser und Abfall e.V.), without full texts, are listed in Nautos .	ATV guidelines and DWA bulletins in full text via DWA Regelwerk online

<p>EN</p>	<p>Nautos only confirms European standards; there is no full text.</p> <p>Every accepted EN standard is published with a national foreword as a DIN EN standard in Germany. These are available in full text in Nautos.</p>	<p>Standards can be ordered through Foreign standards service or directly via the website of the European Standards Organisation.</p> <p>DIN EN standards in full text via Nautos.</p>
<p>Eurocodes (EC)</p>	<p>German standards that belong to a Eurocode are contained as DIN or DIN EN in full text in Nautos.</p>	<p>Eurocodes are Europe-wide standardised technical rules that specify how structural design should be conducted. There are 10 Eurocodes (EC 1 to EC 9), each consisting of several individual standards and a national appendix. It is possible to check which standards belong to a Eurocode at www.eurocode-online.de. For instance, the Italian or English versions of a Eurocode are not contained in Nautos. They may be available from Beuth/DIN Media Verlag, which also publishes manuals on the individual Eurocodes.</p>
<p>IEC Standards</p>	<p>IEC standards are not available as a complete package for Nautos.</p> <p>It might be worth taking a look at the IEEE Xplore database, where full-text versions may be found of some ISO / IEC / IEEE standards (restrict search to 'Standards').</p>	<p>IEC standards are available from VDE Verlag or directly from the IEC web store (in Geneva).</p> <p>Some ISO / IEC standards are publicly available in the list of Publicly Available Standards.</p>
<p>ISO Standards</p>	<p>ULB has licensed pure ISO standards (ISO norms) in full text until the end of 2024: Nautos. Withdrawn ISO standards are not included in the full text.</p> <p>DIN ISO standards and DIN EN ISO standards are always included in full text in Nautos.</p> <p>The IEEE Xplore database contains full-text versions of some ISO/IEC/IEEE standards (limit search to 'Standards'), but not the pure ISO standards</p> <p>Some ISO/IEC standards are publicly available in the list of Publicly Available Standards.</p>	<p>Via Nautos.</p> <p>Printed full texts can be ordered through an interlibrary loan. Please place a free order after registering in the hebis portal (column to the left of the hit list 'To the free order').</p> <p>A search for ISO standards is also available here - full text for a fee.</p>
<p>ÖNORM, ANSI etc.</p>	<p>Nautos only confirms national standards from other countries, there is no full text.</p>	<p>Standards can be ordered through Foreign standards service or directly via the website of the particular country's standards organisation (see 'Source of supply' field in Nautos). E.g. for ÖNORMEN through Austrian Standards.</p> <p>It is worth searching in Google for older standards. Example: The www.danskybyggeskik.dk portal offers historical Danish building standards as PDF files.</p>

SAE International	(= SAE Technical Papers & SAE Technical Standards) are not documented in Nautos.	<ul style="list-style-type: none"> • FID move offers free access to SAE International for members of the institutions from the professional user group after personal registration. Further information: https://move.fid-lizenzen.de/ • Access to over 350 SAE eBooks licensed by the ULB via TUfind • List of sheets available in the ULB. Please contact the service counter of the ULB Lichtwiese.
VDI Guidelines	in full text in the database Nautos	Via Nautos . VDI guidelines cannot be ordered through an interlibrary loan.
VDE Regulations, DIN VDE	<p>can be seen at the VDE Standards Library</p> <p>Explanations and comments on VDE standards are available under ZN 3020 on the 4th floor of ULB Stadtmitte.</p> <p>The printed VDE regulations are available as a loose-leaf collection until the year 2021 in the ULB Stadtmitte, 4th floor at ZN 3020. VDE regulations cannot be ordered via interlibrary loan.</p>	<p>Anyone can use the VDE Standards Library in TU's IP area (if required via VPN). Regional users can use ULB's research PCs.</p> <p>Special offer for students: Individual DIN VDE standards can be obtained via the Standards service for young members of the VDE. Membership required, see: https://www.vde.com/de/mitgliedschaft</p>
VDMA Standard Sheets, VDMA Specification	Not available at ULB. A list of VDMA standard sheets is available here .	Full texts must be purchased separately through VDMA . Individual printed VDMA standard sheets are available at the service counter in the ULB Lichtwiese.
